# PUBLIC SERVICE ANNOUNCEMENT

Contact: Brenda Ardrey, Public Works Director  
Phone: (660) 827-3000, ext. 1165

FOR IMMEDIATE RELEASE  
9:00 A.M. CDST, Sept. 10, 2019

## INTERSECTION AT WINCHESTER AVE. AND W. 10<sup>TH</sup> STREET BECOMES AN ALL WAY STOP ON SEPTEMBER 17, 2019

(SEDALIA, MISSOURI): Drivers travelling along Winchester Avenue beginning on September 17, 2019 will be required to stop at the intersection of Winchester Avenue and W. 10th Street. Beacons 400 feet from the Winchester intersection that currently identify an “Intersection Ahead” will be modified to identify the intersection as now being a “Stop Ahead”. These warning signs will be in place on September 17, 2019 and provide drivers on Winchester a reminder that all drivers should remain vigilant as they approach the intersection. Drivers should slow down and be prepared to stop. All vehicles travelling on Winchester Ave. and those travelling on W. 10<sup>th</sup> St. will be required to stop at the intersection and wait times are expected to occur during peak travel times. The Speed Limit in the area remains at 25 miles per hour.

*Photograph of beacon just south of 10<sup>th</sup> St. intersection on Winchester Ave. as it will appear beginning 09/17/19 advising of All Way Stop ahead.*

Other roadway modifications to be in place by September 17, 2019 include roadway markings advising of the “STOP AHEAD” that will be painted on both Winchester Avenue and W. 10<sup>th</sup> St. approximately 400 ft. from the intersection and a roadway marking advising of the “STOP” just before the white stop line at the intersection advising all drivers on both roadways to “STOP” at the intersection. As an additional safety measure, the City will be installing LED Solar Blinker Stop signs in all directions at the intersection. These LED Blinker Stop signs are highly visible and allow for the Stop signs to be seen in foggy/snowy conditions.
